RE: Reference letter for WeatherSkin Calgary

To Whom It May Concern,

It is with pleasure that I write this letter of reference for WeatherSkin.

Last year we selected WeatherSkin for four different jobs. These included a new full roof membrane of 15,000 sqft, another of 2,000 sqft and 2 other membrane repair jobs. WeatherSkin provided us with quality workmanship and excellent time frame management on each job. During each of these projects the crews were well supervised, and the sites were superbly cleaned up.

I have never worked with such a professional and well-organized company before. I felt confident that all safety regulations were being followed as I watched how well they set up the site and how they had their daily safety meetings.

The quality of the product and its installation has been proven in that I have none of my previous water penetration issues on any of the completed jobs. We also appreciate that the product is ecofriendly.

I worked directly with the crew and management and I found their communication with me to be exceptional. I always knew where we were at with each job.

Without hesitation, I highly recommend WeatherSkin to any organization.

Please feel free to contact me to discuss their performance or to visit our site.

Sincerely,

Kelli Payne
